Janieve RUSSELL (JAM)

400m Hurdles Women - 2nd

I was nervous today, because I had a little problem with my leg, but I just wanted to be proud of myself. Winning Gold Coast CG last month gives me confidence, and this shows that I train very hard. I didn't started the race as I wanted to, but the battle on the end with Muhammad helpt a lot to run this time. I knew I was under preasure as she is in shape and I had a lot of work to do to catch up with her. Happy with this pb!

"I didn't think I had taken the race (she won by 0.01) and I was relieved to have won. To be honest, I wouldn't have minded either way. I just wanted to go out and run well.

"I am pleased to run so quickly early in the season. I have lacked a little motivation during training this season because there is no major championship. For the rest of the season, I just want to focus on the Diamond League."

"It was tough out there today. I threw in a circle like I have never done before. It felt like it was very gritty, like it had sand all over it. I think a lot of the rotational throwers struggled.

"I had a few fouls which were over 18.50m, but I managed to hold it together and produce a good last throw (18.70m), so I have to give myself a pat on the back for that."

I knew I had more and I hate losing. I missed a few practicing weeks, and couldn't count on my technique. This is my first diamond league, and it's great. I can tell you that it is totally different that collage! All the crowd but I was not nervous at all. I just have to fix some things. You can expect a lot coming season.

Lijiao GONG (CHN)

Shot Put Women - 1st world lead

Today's competition was good, I was intended to break 20 meter's record though, but it's a pity that I wasn't managed to. The weather today actually is easy for me to hit a good result. In the following training, I will focus on the physical training to get a better performance. For the diamond league, I probably will not join every single one, but I will try to get more points to get a better rank.

Triple Jump Women - 1st, SB

It was an incredible meeting today. I feel excellent because of my status, the environment and the passionate audience. It was a quite tough competition since the competitors are really strong and high level. I did not effected by the weather today. I do not have a specific goal for the rest of the year. I just want to keep improving my performance for my family and my country because they are my motivation!

Was a good race, not so tough, was fine! I ran a season best, that was my plan, I did and that's good. But I also had to win it, but I collapse a bit on the end. I had supposte to be increase the last 50m. Next race I'll catch him (Gardiner).

I feel great and it was an intense competition. Other athelets are very strong. It is a big motivation to me to win the golden metal in Shanghai after gaining the silver one in Doha. The rainy weather did not effect my performance. Compared to the weather in 2016 Rio de Janeiro, the rain was not a problem at all.

Sergey SHUBENKOV (ANA)

110m Hurdles Men - 3rd

This is my first competition and i like shanghai to be the start. It's pretty much my favourite city to compete. I was very cautious because it was raining during the race. It is a bit humid whether compared to my home town, but i was satisfied for my performance. The competitors are strong as usual so i had to stay close. For the further competition, i will prepare for the European race and hopefully i will have a good season.

"It's a great victory. I was overcome with emotion. I would normally have two races by this time of the season. I have been battling a lot of injuries this winter, a had a hamstring strain, shin splints and a month ago I picked up a slight adductor problem. Today I was running on blind trust. It was great to come out here and complete the three-peat. This meet loves the hurdles and their hurdlers."

Was the first 200m of the season, this is always a tough one for me. Feel a bit sick, but I'm satisfied with this race. I didn't win, but it doesn't matter. Wil know that my next 200meters will be better. Feeling will be better after every race.

"I am feeling happy. It was not an easy day today. The conditions were very hard. It was nice to get the win (Lavillenie's first at the Shanghai meet since 2014). There is definitely more room for improvement. I only jumped off 16 steps today and my full run up is 20. The most important thing for me is I am injury-free, and I wasn't last season."

My pace in the last 30 meters are not as good as i expected, but as my first outdoor competition, i did not have a high expectation and it's not a bad start. My pressure is not as much as SU's. Also, today's competition helps me to adjust further training focus and help to make out the action plan to improve in a technical field.

Was a tough race, it was raining before the start, and had some problems to breath because of the humidity, felt a bit sick. I didn't change any plans because of the rain, still had the world record in my head. But it makes me a bit confused. I know I'm in shape, the times on training shows. With a race in good circumstances, I will go for the world record again.

Although it kept raining today, I still felt amazing about the competition. I was emotionally effected by the rain but as soon as i heard the bang of the gun, i immediately focused on the game. As a veteran in the field, what i focused on will be mainly on the result of my performance. I was glad to compete with the world-class competitors but i was a little bit suprised that i was not the champion. Overall, it was a good start and we have great team members like Xie and other young athletes. I do look forward to their further performance.

"This is a great country and the track is really fast. It was great to see the Chinese jumpers bring their A game. When Shi (Yuhao) went out to 8.43m, I said to myself, I have to think straight. This competition is not a walk in the park.' I was really pleased to respond with 8.43m (in round four) and 8.56m (in round six and world lead). I think you will see that the long jump will be the event to watch this season. I am happy and satisfied with today. My next competition is in Taipei."

"Tonight I ticked all the boxes. I have had that many injuries over the past six years my body is not conditioned to jump six times, so the intention was always to have just four attempts (he passed in rounds four and six). The aim in future is just to continue to be injury-free. The distance 8.15m was not quite what I was hoping for, but I hope to come back for the Rome Diamond League and jump out to 8.30m, 8.40m or 8.50m."
